

Pro Mask®

Why.

"We believe in a safe and sustainable working environment"

Pro Mask®

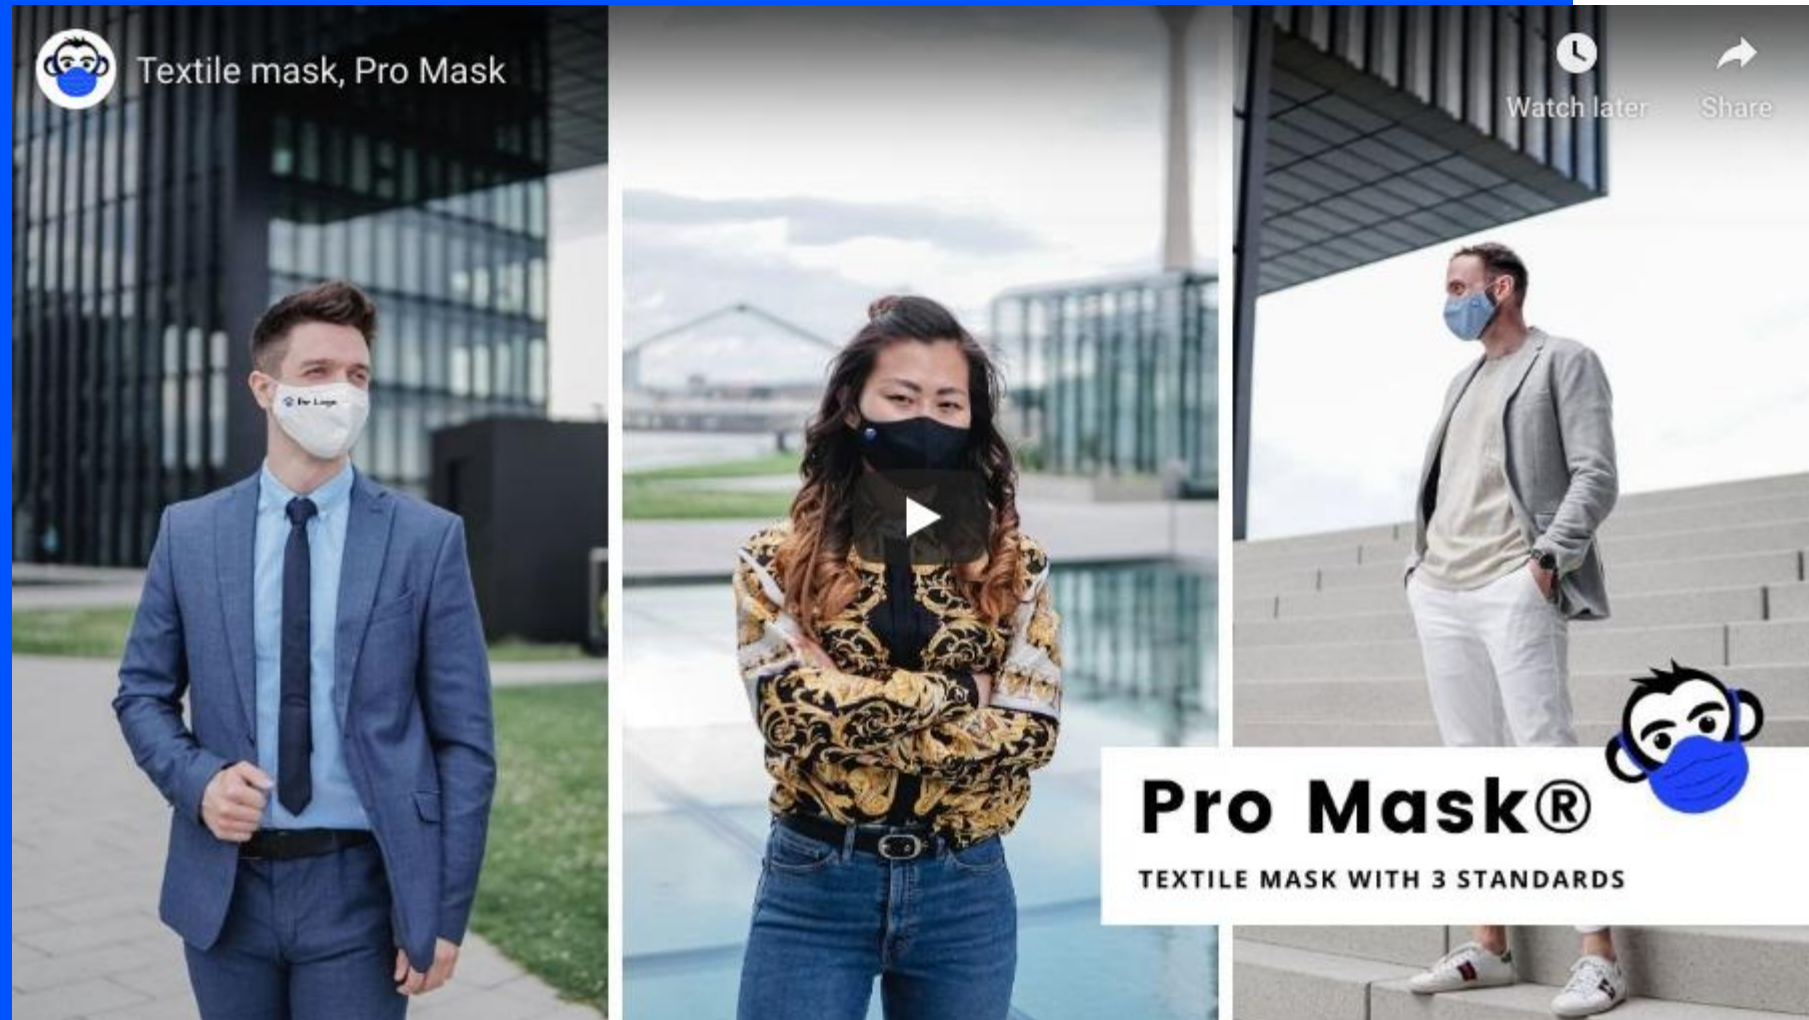

Mission.

"Our mission is to help you minimize risk of infection and staff absenteeism through an innovative sustainable and fully customizable mask."

Pro Mask®

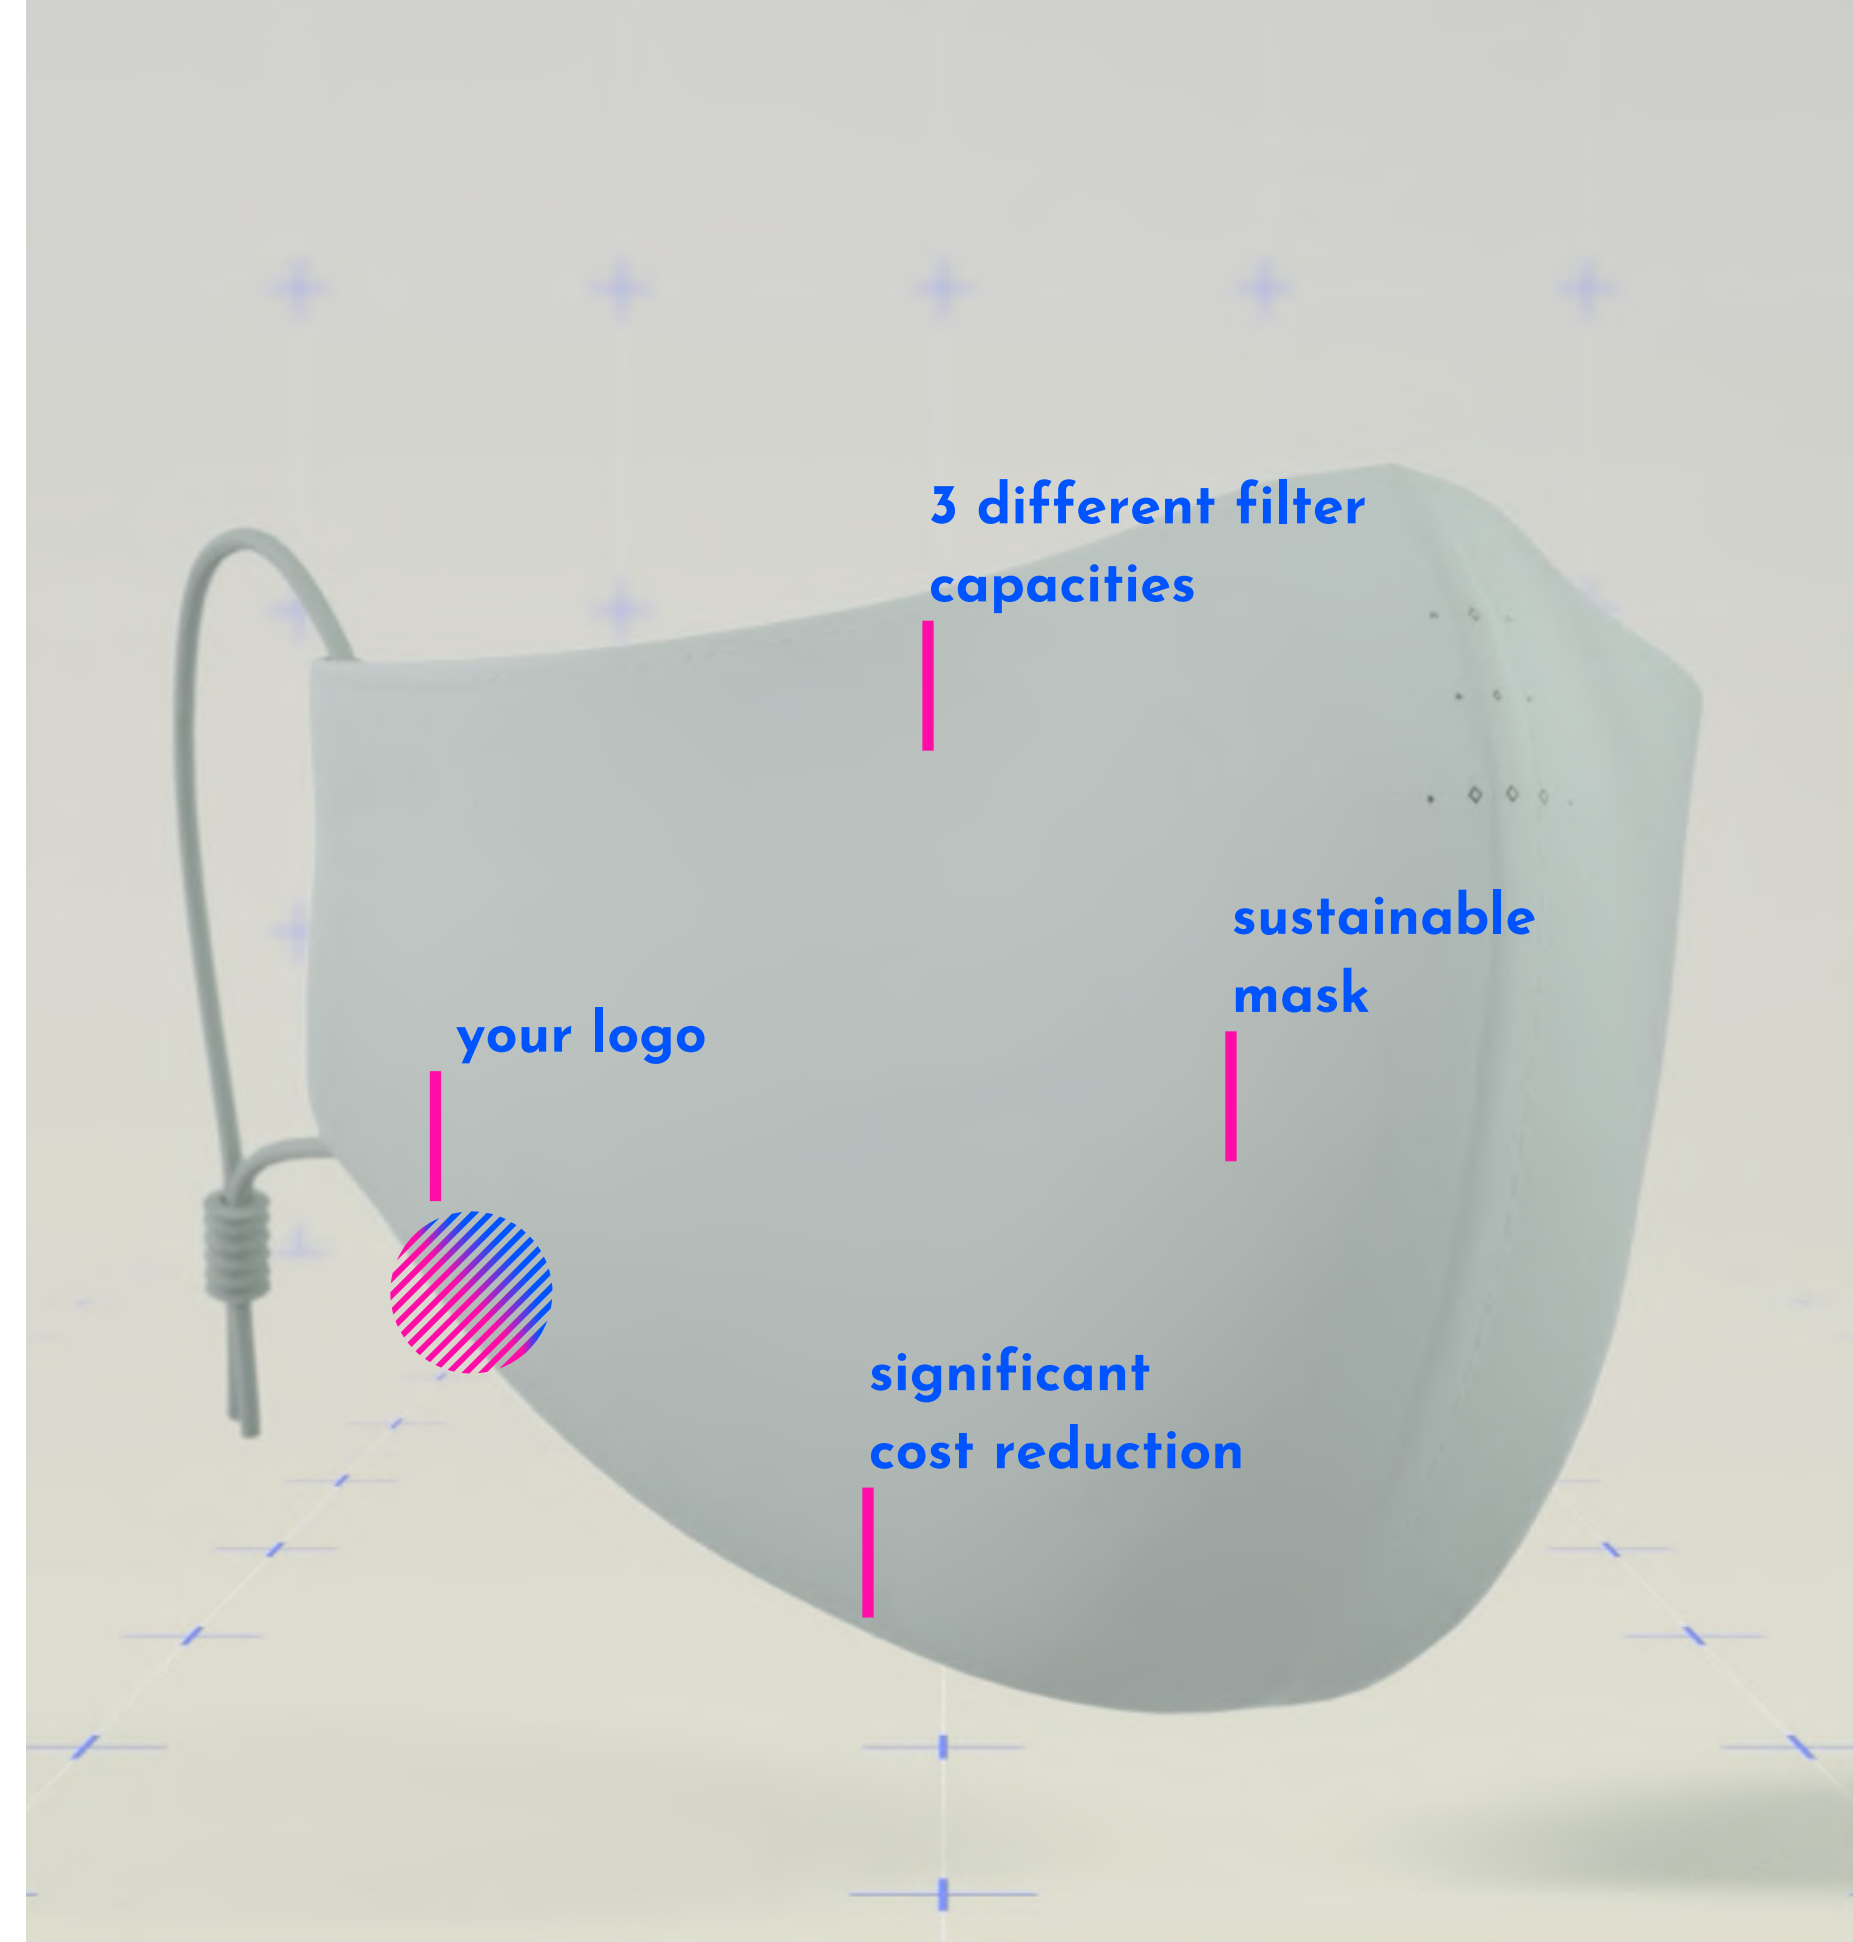

What.

The following video shows what Pro Mask® exactly does to solve the problem of the working environment.

The pros.

- Cost-cutting.
- Customization.
- High protection.
- Sustainability.

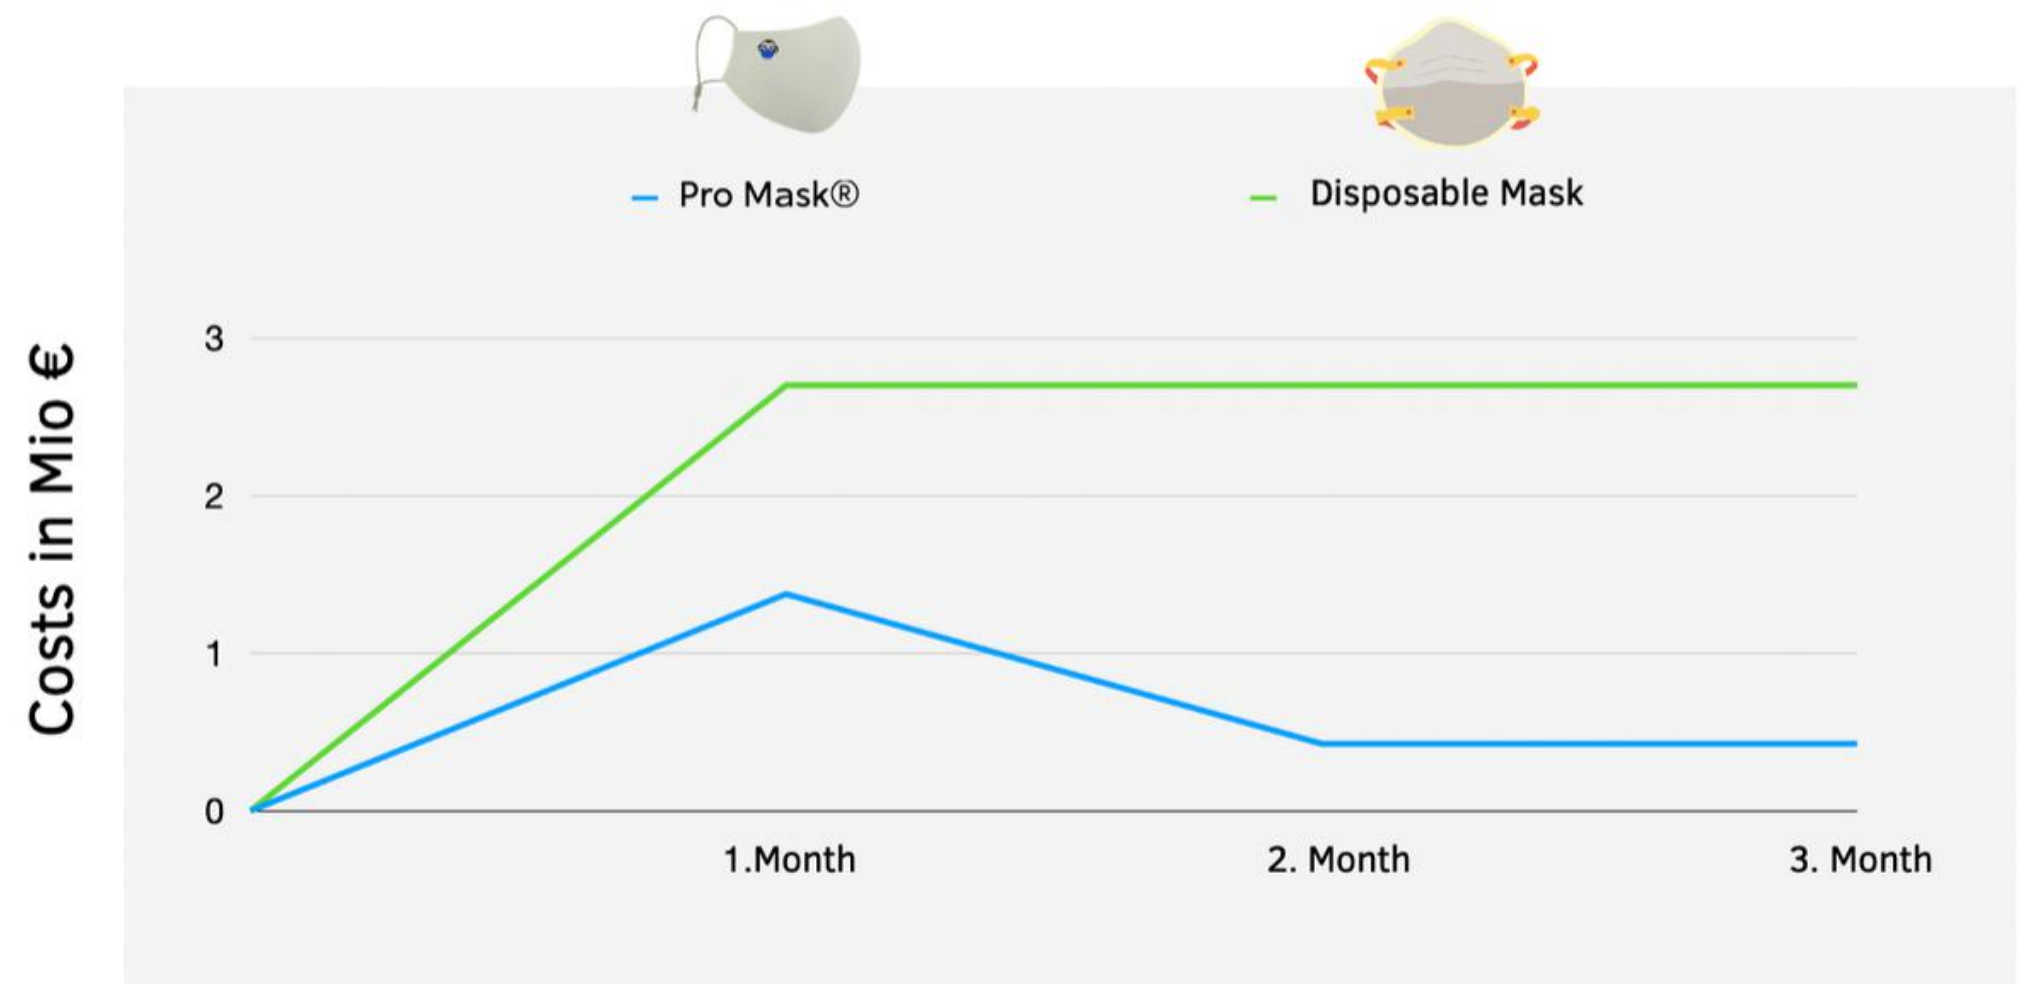

Cost-cutting.

The daily use of the comfortable Pro Mask® means significant cost savings for your business. Depending on the wishes of the customer, the cost curve for the purchase of Pro Mask® drops significantly.

Compared to the conventional disposable masks on the market, the Pro Mask® already wins in the price-performance comparison at the time of purchase. In the following months there are minimal follow-up costs due to the exchangeable filter system. The Pro Mask® wins here over the rest of the market, too.

EXAMPLE*

Customization.

Choose the design.

Logo

Colour

Size

Standard 1, 2 or 3
